

Anti-noise by-law lost

Enforcement difficulty blamed

by Hennie Stibbe

After a lengthy discussion which included representation from the gallery the much talked about, widely publicized Anti-Noise By-Law failed to pass third reading when the St. Albert Town Council met in regular session Monday evening.

In the absence of Mayor Fowler who has been away on private business for the past week, deputy-mayor Armand Donais was in the chair.

Last month the town mailed out copies of lengthy By-Law 14/68 to all resi-

dents of the town and invited comments in writing before giving third reading. About half a dozen letters were received by acting Secretary Treasurer, Mr. D. B. O'Connell. One dealt with the excessive blowing of car horns at the St. Albert Drive In Theatre, one dealt with subsection 4 of Section 9 (dogs), one writer was in disagreement with the by-law as a whole and the others asked that the restrictions on powered snow clearing machines be looked at again. The complaint from the gallery was in regards to the amplified recording of a carillon being sounded in the early morning hours at the Roman Catholic Church. Council generally

felt that it would probably be quite difficult to enforce the by-law as it stood.

Councillor Wheatley commented that we seem to have a great difficulty in this town to get the local police to enforce our by-laws. He said in most cases the police just pay "lip service".

An amendment was moved to have the section dealing with snow blowers rewritten, that motion was lost. Third reading was finally moved and the by-law was lost. If council so wishes, the by-law could be brought up again at a later date, but for the time being, St. Albert isn't going to be a quiet town, after all.

In other council business, Cont'd on Page 2

Mayor Fowler will not seek re-election

After a great deal of consideration over the past two months, I have come to the difficult decision of not allowing my name to stand for nomination for the Mayor's office in the forthcoming civic election.

The demands of time in my regular employment in the booming construction

industry, as well as a growing family will not permit me to devote the necessary time to the Mayor's office that may be necessary through the next development phase of the Town of St. Albert.

Of major concern to me during the past three years have been the law suits of development companies which were successfully concluded this year and the lack of major recreation facilities when I took office in 1965. I can now look at one of the finest recreation programs in Western Canada and am thankful that I had a part in providing them for our Town.

Over the past four or five years there has been a lack of major development in the Town of St. Albert due in part to the major law suits and I now find that a number of developers are in the final stages of reaching agreement with the town for another development boom in St. Albert.

Chamber Briefs

At their meeting yesterday the St. Albert and District Chamber of Commerce voted to hold a public meeting prior to the proposed plebiscite on Amalgamation. The meeting will be held following publication of the report of Underwood McLellan and Associates presently being prepared. The Chamber feels the subject is of vital importance and as such warrants a public forum for full exchange of views.

President Rene Kambouroff and Mrs. Kambouroff of the St. Albert Chamber will be attending the annual Dominion Chamber of Commerce convention in Calgary September 29th - Oct. 2nd.

New Rector at St. Matthew's

REV. R. A. FAIRHEAD

The Rev. R. A. Fairhead has been appointed Rector of St. Matthew's Anglican Parish in St. Albert as of September 1st. He is a graduate of Toronto Univer-

sity where he obtained his LTH degree. He served as curate for two parishes in Toronto before coming to Edmonton in August as rector of the Church of the Good Shepherd.

Mr. Fairhead pursued a career in the advertising and printing business for twenty years prior to deciding to enrol in theology at university. At the time of making this decision he was operating his own printing business with staff of 120 employees. He also served six years with the Canadian armed forces.

The Rev. Fairhead will serve as rector of both Good Shepherd and St. Matthew's parishes, which he reports are only ten minutes apart by car. He will conduct his first service in St. Albert on Sunday at 11:30 a.m., at St. Joseph's Seminary.

The new 1968-69 executive of the St. Albert Chapter of the AARN presented a book, "Heritage of Service", a history of nursing in Alberta to the St. Albert library, Tuesday evening. Members of the executive present for the occasion are left to right: librarian, Mrs. A. Hesse; president, Mrs. B. Wheatley; vice president, Mrs. A. Olson; secretary-treasurer, Mrs. O. Tookey. One of the Chapter's objectives is to inform and interest the public in the art and science of nursing.

Kin Clubs install officers

Executive officers of the Kinsmen and Kinetite clubs of St. Albert were installed at a joint installation night on Monday, September 9, 1968. District Governor Howard Burke of Edmonton, and Deputy District Governor Rod Erickson of St. Albert charged the newly elected officers with their duties for the forthcoming Kin year.

Accepting the responsibility of administering the club's activities and carrying on the high standard of service work within the community were W. L. (Bill) Hite president, K. E. (Ken)

Pollon secretary, D. G. (Dave) Hewgill treasurer, A. J. (Fred) Calkins registrar, R. E. (Rusty) Pollard R. B. (Russ) Hansen and R. (Bob) Myrthue directors, Derek Lucas is bulletin editor and D. G. (Don) Sinclair is the past president.

Officers installed for the Kinetite club were: Glenna Erickson president, Alda Myrthue vice president, Beth Mormyluk secretary and Vera Parenteau treasurer, Marie MacRae is registrar and bulletin editor, and Jeanne Irwin is past president.

Mrs. Kambouroff heads Lady Lions

Lion Doc. Cuts, officially chosen "Den Mother" of the St. Albert Lady Lions installed the new executive officers at their meeting Monday night as follows: Dolores Kambouroff, president; Greg Logan, 1st vice president; Julie Key 2nd vice president; and in charge of program, Sheila Key, 3rd vice president in charge of telephoning; Maureen Swain, secretary; and Louise Tardif treasurer. There are about 30 Lady Lions whose main objective is to support many projects of the Lions Club and to help with social functions.

Senior choir opens season

The St. Albert United Church choir, under the leadership of Lillian Upright is reorganizing for another year of service. Their first rehearsal is scheduled for this Thursday, Sept. 12 at 8:15 p.m., in the church. New members will be warmly welcomed and it should be stressed that a lack of musical training need not deter anyone from joining. Most important are a love of singing and a commitment to regular attendance and participation in the choir program. With hopes of an expanding program this year, the choir is anxious to enlist many more enthusiastic singers, from high school age up.

Besides being a service choir, the St. Albert United Church choir is anxious to reach out into the community as a whole. To this end they participated last year in an ecumenical centennial service, helped to organize the community's first, "Carol-In" program at

Cont'd on Page 2

Famous teacher holds dance workshop

Noted choreographer and teacher, Al Gilbert of Hollywood (centre) pauses for a moment to pose with the group from St. Albert School: Kim Martin (left), Mrs. Alma Hughes, Mrs. Gladys Smith and Colleen Kelly. Mr. Gilbert crowded an amazing amount of instruction and work-outs into a weekend which kept the participants working very hard indeed, but the many teachers and advanced students from Edmonton and northern Alberta were enthusiastic about the results achieved.

The St. Albert School of Dancing was represented at the Alberta Dance Teachers Workshop held in the YWCA Edmonton over the Labour weekend by principals Mrs. Smith and Mrs. Hughes, also

two advanced students, Kim Martin and Colleen Kelly. The Workshop was given by Hollywood Choreographer Mr. Al Gilbert who instructed them in advanced tap; jazz and jazz tap.

Coming Events

- SEPT. 11 - St. George Simpson Junior High - 7:45 p.m. Short meeting and registration for Adult Education Evening Classes.
- SEPT. 11 - The Sea Rangers will meet at 9 Gresham Boulevard at 7:30 p.m. for their first meeting of the season when registration takes place.

- SEPT. 17 - Registration for the 3rd St. Albert Boy Scouts and Cubs by parents only, please, at the United Church lower hall, 8:00 p.m. For information phone 599-7344.
- SEPT. 17 - Armin Zimmer of the St. Albert Fish and Game Association will give instruction in basic and advanced use of a compass to all persons interested in this important means of insuring against getting lost in wilderness country. St. Albert Community Hall at 8:00 p.m.
- SEPT. 17 - Ladies Auxiliary to Royal Canadian Legion will meet at 8:00 p.m. at the Legion Hall. All ladies are asked to please attend.
- SEPT. 21 - St. Albert Anglican Church women are holding a rummage sale at the Jasper Place Legion

Letter to the Editor

It's terribly discouraging to plan and care for a garden throughout the summer only to find it vandalized by some thoughtless persons who think that "raiding gardens" is a real Saturday night sport. This sport in our case was extremely destructive and we know that we haven't been the only victims of these pranksters. It wouldn't have been so bad if the

raiders had taken whatever they were after, and left without destroying the rest. I wonder if there isn't some way to make these people realize that their thoughtlessness resulted in the loss of vegetables and fruits that were intended for winter supplies for the families which they had victimized?

A Taxpayer.

the Gazette REFLECTS

Just when we thought St. Albert was right up in the front ranks - joining early the group of cities and towns who recognize the very real need for noise control, what happens? Town Council wipes out on the first hurdle!

Surely it was obvious from the outset that enforcement of such a by-law would present some problems. All other centres are also facing this problem. It must have also been clear that some revision of the first writing of the by-law might well be necessary.

To simply not pass the by-law seems to us an easy way out.

In our opinion more discussion on how to make the noise by-law work would be infinitely more advantageous to the Town than a Councillor taking up time and wading out of a meeting on a matter of "suppression of information by the Mayor". Since the information in question is a group of applications for posts on the Library Board, which Councillors or any citizen can have for the asking, it is hard to see what is being suppressed. And it was Council who asked the Mayor to make the recommendations in the first place. The time might better have been spent on the noise by-law.

SENIOR CHOIR
Cont'd from Page 1

Christmas, entertained at the Youville Home and presented a spring program of secular music which featured the debut of a group of young St. Albert high schoolers, "The Blew Phroge".

Mrs. Upright is accompanist and assistant conductor of the University Singers and, as a student of Hugh

Bancroft, she received the gold medal for Canada on the completion of her A.R.C.T., in organ. Mrs. Upright would be most happy to receive inquiries about the choir and its program. (Phone 599-6997). Better still, come to the United Church this Thursday at 8:15 p.m. sharp.

Council

Cont'd from page 1

council agreed with Parks and Recreation Superintendent, Mr. A. R. Gate that application be made to the Provincial Department of Youth in accordance with the Alberta Grant regulations governing the Recreation Development Act. Mr. Gate does not anticipate any difficulty in receiving full assistance in the following projects: the ball house extension, the Teen Centre and the Arts Centre for a total amount of \$18,650.

Councillor Lukay brought to the attention of the Town Engineer the fact that a number of Edmonton residents are regularly dumping their refuse at the St. Albert nuisance grounds. Some Edmonton companies have been reported bringing their garbage out here by the truck loads. Mr. Maandag replied his department is aware of this situation and that a sign has been posted at the grounds stating residents of St. Albert only are permitted to dump there. Mr. Maandag has been in touch with the R.C.M.P., and Edmontonians trespassing on the St. Albert nuisance grounds are liable to be charged.

Mr. Lukay also expressed his concern about the quality of the paving being done on Churchill Avenue to MacKenzie School. Mr. Lukay, a professional engineer, said the surface seems very porous and he expects it to deteriorate very rapidly. Mr. Maandag was asked to accompany Councillor Lukay for a closer look at the road.

Councillor Bakker moved the Public Works Committee prepare a brief to the Federal Task Force on Housing, (the Hon. Paul Hellyer), this was carried.

Council will again attempt to get permission from the government to send out separate tax notices (municipal and schools). The town would have the municipal tax notices out early in the year.

Christopher Leadership Course

Another Christopher Leadership Course will be held in St. Albert this fall. This course is designed to help you develop your confidence, speaking ability and your influence on others. It develops your unused abilities and makes it possible for you to give what's in your mind to other people. It also broadens your vision, and makes you aware of your power for doing good as an individual.

The course is thoroughly absorbing and fascinating. You will enjoy every minute and wind up each session eager for the next one to start. There are ten action packed lessons beginning the latter part of September. For further details please phone Bud Gau 599-3683 or Paul Shelamoy 599-8386.

This could result in a considerable saving in interest paid on loans which are now required by the town to operate until the tax monies are received.

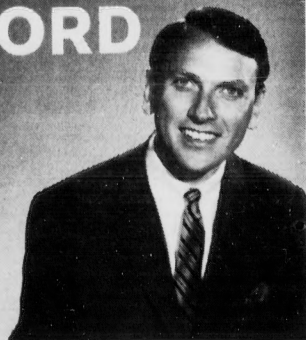

A large volume of business was postponed, tabled and sent to committees. The adoption of the minutes of the meeting of August 28 was tabled until the Sept. 23 meeting on request of Councillor Bakker who wants the minutes amended to show that he "personally objected to the suppression of information by the Mayor".

A motion to proceed with the Mission Park skating shelter out of current revenue was postponed until the September 23 meeting. The Ad Hoc Committee report will be heard at a special meeting September 16, at which time a confidential report on Calgary Power will also be discussed.

The matter of a special emergency telephone number was laid over to Sept. 23, when more information will be available. And the matter of the sounding of the siren on top of Town Hall every noon was tabled till Sept. 23, also, at which time the fire chief will be asked to report.

Councillor Donalds moved that the sounding of the siren be discontinued immediately. It seems the noise is getting on the nerves of the Grandin Shoppers Park merchants

Scout Announce

Laura Knill, promising young ballet student at St. Albert School of Dancing will be furthering her studies on a scholarship this year.

One of the four recipients of the school's scholarship program announced last spring, Kathy Hampton, has since moved to Fort McMurray with her family. Unfortunately Kathy will be unable to use the scholarship and the School decided that Laura, who was next in line, should have the advantage. Laura has completed her Grades one and two with the Royal Academy of Ballet, achieving "highly commended" and "recommended" standings.

Registration for the 3rd St. Albert Boy Scouts and Cub packs will be held in the basement of the United Church, Tuesday September 17 at 8 p.m.

Parents are advised that due to a shortage of leaders there is a possibility that only a limited number of boys can be accepted this year. Therefore those boys registered September 17 will be considered first. To enter Cubs a boy must be 8 years of age. An official from the Provincial Headquarters of the Boy Scouts will be addressing parents on the new Scout program. Because of the nature of the evening, registration must be done by parents only. Those boys accepted will be advised through the Gazette when and where their first meeting will take place. The registration fee is \$6.00. For additional information phone 599-7344.

Phone your social or club news to Hennie Stibbe at 599-7448. Arrangements for photographs can also be made. There is no charge for this service.

Ladies, make a note of this date right now... Tuesday, September 24. That's when the St. Albert United Church women will present a showing of Fall Fashions by Simpson Sears at the St. Albert Community Hall, at 8 p.m. Tickets from U.C.W. members or telephone Mrs. Kent Rogers at 599-6197.

Six journalists from Holland were in the Edmonton area last week where they interviewed a number of Dutch immigrants. Once home the journalists will do a series of articles on the trials and tribulations of these new Canadians who came to Canada from Holland. Their assignment was to find out how these people fit into the Canadian way of life and how successful they have been in their new home land. Mr. Quint from the large Dutch daily "Trouw" was in St. Albert where he interviewed the John Kwak family of 54 Grandin Road.

Mrs. Bertha Kennedy of St. Albert is mourning the loss of her brother Mr. Frank Brennan who passed away in Edmonton, August 31

The 5th St. Albert Cubs are collecting used books and pocket novels for the rummage sale to be held Sept. 21 by the Anglican Church women. For pickup please call any of the following: Mrs. Russell, 599-8274; Mrs. Taylor 599-7347 Mrs. St. Clair, 599-7821 or Mrs. Easson at 599-3465. This is your chance to get rid of some old books and support the A.C.W. at the same time.

Recent guests at the home of their brother and sister-in-law, Mr. and Mrs. John Kwak, 54 Grandin, were Mr. Piet Kwak and Mr. Kees Kwak, both of Zaandam, Holland. Both visitors had planned a three week stay, but Mr. Piet Kwak was forced to extend his visit to seven weeks due to a very unfortunate accident while holidaying in R.C. He suffered serious injuries which prevented him from travelling home as scheduled. Mr. Kwak left for Holland on Tuesday, fully recovered.

At first thought a lot of folks thought Bill Baart of Bill's Radio & TV had made the cover of Look magazine on Sept 17th. Closer inspection reveals not so.

Miss Laurie Ellen Wilson was feted recently when Mrs. Wes Glendening and Mrs. Carl Linden were joint hostesses at a shower held at the Linden residence, 22 Gilmore. Some 30 guests gathered to honor the daughter of Mr. and Mrs. J. Bruce Wilson, 35 Gilmore, who will become the bride of Mr. William John Garland September 21 at the St. Albert United Church. The groom-elect is the son of Mrs. T. A. Elliott of London, Ontario, and the late Mr. A. Garland.

A prize for the "Happiest" will be offered when the St. Albert Council C.W.L. holds a membership "Pot" party at the Roman Catholic Church hall, Sept. 16 at 7:30 p.m. Members are invited to bring along a friend and join the fun.

Remember any Chartered Bank will accept your contribution to the Biafra Relief Fund. A few dollars won't make a great difference to you, but to a starving Biafran it could mean the difference between life and death.

Town of St. Albert

The Town of St. Albert requires deputy returning officers and poll clerks for the forthcoming election to be held October 16, 1968.

Applications will be received by the undersigned until Friday, September 13, 1968.

Applicants are requested to reply in their own handwriting stating name, address, telephone number, previous election experience if any, education and other clerical experience.

G. P. Moore,
Returning Officer
Ste. 3, 9842 - 149 Street,
Edmonton, Alberta.

Craft Guild Courses

Because of the co-operation and support given by the Parks and Recreation Department, Town of St. Albert, the St. Albert Craft Guild is again this year conducting classes with high calibre of instructors at fees set well below cost of operation.

CLASSES OFFERED

CHILDREN'S CLASSES: (all materials included), Arts and Craft (Instructor Barb Randall), Creative Needlecraft (Nellie Sadee), Little Girl's Knitting (Lottie Rohlock), Painting (Jackie Graft), and Puppetry and Marionettes (Willie Ford), are all \$2.50. Ceramic for children (Kim Bruce) \$3.50.

TEEN CLASSES: Young teen Ceramics (Lena Holgersen) is \$3.50 - Teen (15 and up), Ceramic (L. Holgersen) and Teen Copper Enamelling (Evy. Grant) are both \$5.00. ADULT: Beginners Bridge (Mr. Dalphond), Creative Needlecraft, (Pat Morris), Knitting (Lottie Rohlock) are all \$5.00. DRESSMAKING - Beginners and Advanced - (Lols Folkens and Anne-Lise Larsen), Millinery (Lydia Tennant), all \$7.50. BASKETRY (Tiny Brown), Concentrated Beginners Bridge (Lorette St. Arnaud) and Copper enamelling (Evy Grant) all \$10. CERAMIC (Nellie Sadee) \$15. BATIK (Kim Bruce) \$25. for a 20 week course. All other courses start the first week in October and run for a 10 week period.

A membership fee of \$1.00 in the St. Albert Craft Guild must be obtained yearly. A Family membership will be \$2.00. This membership enables members to participate in any of the programs and workshops sponsored by the Guild. In addition members receive notices of new programs, exhibitions and sales.

For information and registration call the Parks and Recreation Department at 599-6601.

Fish & Game Shows Large Growth

Since it's beginnings last fall when only seven local enthusiasts showed up for the organizational meeting, the St. Albert and District Fish and Game Association has increased to a healthy membership of 210, and membership chairman Don Hayden is confident that the new fall season will bring in more. Outdoor sportsmen from throughout the Sturgeon municipality and here in St. Albert are welcome and the Association invites them to their next meeting on September 24th at St. Albert Community Hall.

A turkey-shoot held Sunday at the C. Crozier farm featured competition in both trap and stationary target, giving marksmen a chance to sharpen their aim before the bird season. Winners were Evelyn Kwak, 1, Danny Cornwell, 1, Mel Rennie, 2, Russell Chamberland, 2 and Don Hayden. Les Kestner, draw prize winner also took home a turkey.

Forms are now available for entry into St. Albert and Provincial Trophy competitions in Fish, Bird or Big Game. Local merchants putting up big game trophies are Reggie's Hardware (Elk) Veness Station (Whitetail), Roger's Esso (Moose), St. Albert Pharmacy (Mule

Deer) and Harsim Construction (Black Bear).

Members of the executive are: president - Gordon Kirby, (599-7679); vice-president - Dan O'Connell, secretary - Evelyn Kwak, treasurer - Jim Roberts, big game chairman - Claude Valliere, bird chairman - presently vacant, fish chairman - Wayne Williams, membership chairman - Don Hayden, (599-3441); publicity chairman - Mike Gionne, hunter training - Dan Richardson, predator chairman - Bob Richardson, program chairman - Frank Kwak and wood and welfare - Arnlm Zimmer. Messrs Gionne & Richardson are from the City of Edmonton.

HUNTER TRAINING

The Association would like to have instructors within its own membership to look after this part of their program. Chairman Dan Richardson is presently taking applications for a Hunter - Training Instructors Course and application forms are available through him. With their own qualified instructors, the St. Albert Fish and Game could set up these courses anytime, at the convenience of their members.

St. Albert

Recreation News

Our pool closes on Sunday September 15. The water has been a delightfully warm 88° and many people have been making the most of the last few weeks of the season. We've even had visitors from the city to the south where the pools close automatically at the end of August. Not many days remain but there's still time to get in a few swimming sessions at the pool. It is open in the evenings until approximately 10 p.m., and the water really is warm so do drop in.

Y.M.C.A. SWIMMING

Registrations for the Fall session of swimming lessons to be held in the West End Y.M.C.A. are now being taken. The series starts on Saturday, September 21 and ends on December 14 and

FISHING

Fish Chairman Wayne Williams reported on some excellent summer fishing in the mountains and those techniques and lures he found most effective. A trip to Shundra Creek in the Nordegg area and on the North Ram River netted Wayne and his companions some fine trout of the Brook, Rown, Dolly Varden and Cut-throat varieties, during the so-called summer doldrums. Mr. Williams will answer questions on fishing from the members in the Association Bulletin.

each session consists of 45 minutes of instruction and 45 minutes of recreational swimming. Classes (from ages 8 - 15) will be held for all levels of instruction from beginners to life saving. Transportation is by bus which leaves Vital Grandin School at 11:30 a.m. each Saturday morning and follows the bus route.

Further information may be obtained by phoning Mrs. Phillips at 599-6445 or the West End Y at 455-2139.

CREATIVE DRAMA

Mrs. Shirley Martin will be pleased to hear from any youngsters under 10 who are interested in taking a course in creative drama on Wednesday afternoons from 4:30 to 5:30 p.m., in the clubhouse. This was a very popular course last year and plans to run a 10-week programme starting on September 25. The cost is \$2.50 per child.

For further information and to register phone Mrs. Martin at 599-7570. Y.W.C.A.

Judging from the response to last week's preliminary announcement about the proposed "Y" Neighbours programme, this should prove very popular. For the benefit of those who may have missed the announcement last week, "Y" Neighbours is a weekly 2-hour daytime programme of Keep Fit, Crafts and Speakers for mothers, with babysitting provided. Efforts are at present being made to acquire accommodation and an announcement will be made later regarding time and the place. In the meantime, please phone the department

at 599-6601 and let us know if you are interested.

ARTS CENTRE

The Arts Centre has made a lot of progress during the past few weeks and volunteer help is much appreciated. Ladies, this is where you can help. The men - those wonderful men - have laid the foundation and are working hard, now it is your turn. If any lady feels like

putting on her oldest clothes and giving a hand during the day she will be very welcome. Phone 599-6225 or 599-7513 and offer your services.

Grandora and Spruce Crescents recently joined the ranks of the public-spirited citizens and gave an evening of their time recently towards the completion of St. Albert's truly community project.

Grandin Bowling St. Albert

LET'S GO BOWLING

Open Sundays - 1:00 p.m. to 11:00 p.m. It's not too late, we would like you to join one of our leagues. Opening's still available: evening mixed Tuesday afternoon ladies, Junior bowlers Saturday morning.

Also nine billiard tables for your enjoyment.

Gazette Sports

The Pirates, champions of the St. Albert Knights of Columbus Little Canadian Baseball League, wound up their season by competing in a tournament in Breton on the Labor Day weekend. The team: (back row) Dale Reinbolt, Stephen Hoffart, Greg Pudlowski, Doug Millroy, (coach), Chris Hoffart, Brian Benton, Mike McNeely and Hans Commandeur. (Front row) Stephen Lister, Timmy O'Neill, Blake Millroy, Gerald Langevin and Sandy Millroy. Missing from the picture are Dickie Commandeur, Colin Melan and Ross Melan. More than 150 boys played Little Canadian Baseball in two leagues operated by the Lions Club and the Knights of Columbus. Angels were the champions of the Lions League but were unable to field a team for a playoff to decide the top team in town.

Photo by Dave Colville

Six of the top winners of the 'B' tournament hosted by St. Albert club last weekend are: (front from left) Babs Ferrari, Vera Coley and Charlie Coley. (Back) Dave Kirk, Frank Carnahan and Betty Ontkian. Babs and Betty won the ladies doubles. Vera took ladies singles and paired with Charlie to win the mixed doubles. Dave and Frank won the men's doubles. Pictured at left is Felix Hardeman who captured the men's singles trophy.

Club Photos.

Tennis tourney

The first annual St. Albert Invitational 'B' Tennis Tournament was a very successful event held this past weekend, Sept. 7 and 8. The tournament attracted entrants from the city clubs of Garneau, Glenora, Hillcrest, Bonnie Doon, Ft. Saskatchewan and also some players from Red Deer. This marked the first time in the province that a special tournament has been held for B players only (since city and provincial tournaments are set up primarily for A players) which probably accounted for its popularity.

Since the 45 entrants were limited to entering a maximum of two events no player could be eligible for three trophies. Tournament organizer Lorne Wood reported that fine weather, plus the use of profession-

al sets (the first player to reach nine games) helped keep the draw on schedule - with the four town courts in constant use all day Saturday and Sunday.

The men's doubles final developed into a marathon match with the first seeded St. Albert team of Dave Kirk and Frank Carnahan living up to their seeding in a hard fought match defeating John Hombach and Rex Beach of the Garneau Club 6-4, 4-6, 9-7.

The highlight of the finals was the men's singles event where the numerous spectators were treated to an excellent display of tennis. In this event, with its 24 entrants the seeded players advanced to the exciting final which saw Felix Hardeman of the Garneau defeating Dave Kirk of St. Albert 6-1, 1-6, 6-4.

The only double trophy winner of the day was Mrs. Vera Coley from Red Deer who won the ladies singles (defeating Leslie Bowen, a promising junior from Parkview, 6-0, 6-3) and later teamed with her husband Charlie to win the mixed doubles, again in straight sets 6-2, 6-3, over the Garneau pair of Ken Brown and Babs Ferrari.

St. Albert's other main event trophy winner was Betty Ontkian who teamed with Garneau's Babs Ferrari to win the ladies doubles by 9-2 over the Ft. Saskatchewan team of Marion Orchard and Loretta Reid.

The secondary event winners and finalists were all from St. Albert. The men's doubles trophy was taken by

Lorne Wood and Clark Warren, who defeated Bob Harvey and Jack Harding 6-1, 6-3. In the secondary mixed final Roberta Parsons and Dave Hansen defeated Anne Kirk and Greg Dobbie 6-1, 6-4. The men's singles between Frank Carnahan and Clark Warren remains tied at 1 set apiece at the time of printing.

Winners in the secondary event of the 'B' tennis tourney hosted by St. Albert Tennis Club were all home club players: (from Left) Lorne Wood and Clark Warren, men's doubles; Roberta Parsons and Dave Hansen, mixed doubles.

M.D. Council reviews bridge inventory - tax recovery sales

Mr. Rye informed the meeting of M.D. Sturgeon, reconvened August 16, that he had already instructed the superintendent of public works to construct a school bus turn about at 12N Street Sturgeon Heights, in reply to a request by Mr. McDonnell.

The secretary treasurer read to council the detailed inventory as submitted by Mr. E. J. Sanden, Chief Bridge Engineer, of all the major bridges on the Sturgeon River.

The council concurred with the proposals as set out and the secretary treasurer is to advise the department accordingly. Council will apply to the bridge branch for inspection and new installations at the following locations in 1969.

- a) File 776 S/SW 14-55-24-4, old bridge in very poor condition - requires new structure.
- b) S/SE 6-55-25-4, west of Namao on Correction Line Road.
- c) W/NW 2-55-26-4, very old bridge - requires new structure.
- d) W/SW 8-54-23-4, requires 60" culvert.
- e) In the SE 23-56-23-4 requires realignment to road allowance.
- f) S/SE 15-55-27-4, old bridge and in very poor condition.

A letter from Mr. E. J. Sanden, Chief Bridge Engineer,

in relation to the bridge at S/SW 14-55-24-4 was read to council re the Department's proposal.

Council concurred with the Bridge Branch's proposal and that the necessary dirt work re head slopes will be constructed before the end of October 1968 pursuant to their engineer's specification.

TAX RECOVERY PROPERTY

Letter from Mrs. Verna Barnett was read to council offering to purchase all the municipality owned lots in Block B Cardiff Plan 7856 BX at the price of \$30, per lot. Council accepted this offer and by-law was given three readings covering the purchase of 12 lots, subject to approval of the minister of municipal affairs.

By-law was also given three readings on the offer received from Mrs. Doreen Mickelson and James A. Mickelson of 13307 - 136A Ave., Edmonton to purchase the Lots 1 to 40 Block 1, Lots 1 to 34, inclusive Block D - Plan 5010 - S Pittsburg Subdivision for the sum of \$3,850, cash; subject to ministerial approval.

RENTALS

Messrs. Wilson and McDonnell informed council that

Cont'd on Page 3

ED WALKER

Mr. Edward (Ed) Walker of Calahoo returned from Mason City, Iowa, in mid August after having successfully completed a course in Auctioneering and Sale Management at the Reisch-American School of Auctioneering there. The son of Mr. and Mrs. Stan Walker, Ed is well known in the area and will be pursuing a career in this field, although he has not as yet finalized his plans.

Morinville Council meets

Mayor Stapleton, Deputy Mayor Curtis, Councillors Boddez, Ouellette, Calder and Champagne were present for the August 13 meeting of Morinville Town Council.

Second and third readings were given to the by-law authorizing council to borrow \$62,000 by debentures for the construction and extension of the sewage lagoon.

A request was approved for Mr. and Mrs. George Vranas to build a dwelling on Lot 9, Block 3, providing that the residence on Lot 8, Block 3 be removed and a performance bond be posted, to guarantee the removal of this dwelling.

Council interviewed Mr. Paul Casavant on a proposed Billiard Room on Lot 58,

Legal Council meets

LEGAL - Mayor St. Jean, Deputy-Mayor Nault, Councillors Dube, Prefontaine, Mr. Blackburn from Calgary Power and the foreman were present for the August 26 meeting of the Village of Legal Council.

Mr. Blackburn stated that the total cost of the power line needed for the pump house is \$2,747. The Village share of \$745, is refundable at a later date. Council moved to provide the contribution as described.

Village foreman was requested by Council to investigate the matter of having thistles cut on the properties of N. Dechamplain and R. Coulombe. The foreman advised Council that 200 yards of gravel

NAMAO - Miss Shirley Clark, Canadian Dairy Princess for 1968, was honored at a dance held in the Namao Community Hall on Sept. 7. Miss Clark, who has been part of this community all her life received her title at the Canadian Exhibition in Toronto on Friday, August 30.

During the dance, Mr. Harold Paul, chairman for the evening, introduced the special guests.

Mr. and Mrs. Ray Dixon, the Alberta Dairy Commissioner; Mr. and Mrs. Bud Hughes, supervisor of Dairy Improvement Policies Dept. of Agriculture, secretary of Alberta Dairy Princess committee; Mr. and Mrs. Jim Eaker, manager of the Northern Alberta Dairy Pool; Mr. and Mrs. Fred Miller, assistant manager of the Edmonton Exhibition Association;

Mr. and Mrs. Leroy Emerson, Edmonton Exhibition Association; Mr. and Mrs. George Rife, executive assistant - F.U.A.; Mr. and Mrs. Ted Youck, supervisor of 4-H, Department of Youth; Mr. and Mrs. Hemstad, Saskatchewan Dept. of Agriculture; Mr. and Mrs. Bill Owen, C.B.C. Radio and T.V.; Miss Janet Olsen, 1967 68 Canadian Dairy Princess; Mr. Lawrence Rye and Mr. and Mrs. Walter Van de Walle, Municipal District of Sturgeon and Mr. and Mrs. Keith Everitt, District MLA.

Mr. Dixon paid tribute to Miss Clark and then told of the history of the Dairy Princess program.

Mr. Lawrence Rye gave some of the history of the Clark family and presented Shirley with a cheque from the Municipal District.

Mr. John Bocoock presented Shirley with a gift from the Sturgeon Valley 4-H Dairy Club in which Shirley took an active part.

Miss Audrey Gibson then presented Shirley with a gift from the Namao 4-H Garden Club of which she was a former member.

Mr. Paul presented Shirley with a desk on behalf of the Namao Community.

Mrs. Gordon Akerman brought congratulations from the Haplette Club and presented Shirley with a matching chair. Lunch followed.

Miss Clark will be very busy this year attending many functions across Canada and will also spend three weeks in Europe. The community is very proud of her and wish her continued success in the future.

Memo

Wet weather on the long week-end didn't prevent district hunters from taking advantage of the opening of wild game season. A number of them are reported to have been lucky.

** ** *

Plan VIII and passed a motion of no objection to the proposal.

Agreement with Sun Publishing for the Town to receive the Sturgeon Journal as it's municipal newspaper was renewed.

Paul E. Brochu was appointed Welfare Officer for the town.

The Public Works program was discussed with Works Supervisor McDonald. Sketch plan of the proposed outside remodelling of the building to be moved on Lot 2, Block 1, Plan 7731R was submitted by Robert Tellier. After consideration of the plan, council approved the moving of this building, located on Lot 24, Block 3, providing that it is remodelled according to the plans submitted to council, and that a \$2,000, performance bond is posted to guarantee compliance.

The meeting adjourned at 12:25 a.m.

Crusade begins Sunday

Billy Graham's Associate Canadian - born Leighton Ford, will conduct a major two-week crusade in the Edmonton Gardens beginning this Sunday, September 15.

The opening service of the Greater Edmonton Crusade this Sunday, 3:00 p.m., will mark the culmination of more than nine months of extensive preparations. Hundreds of Christians throughout Edmonton have worked together under the leadership of an Executive Committee, headed by Rev. Roy D. Bell, minister of the Strathcona Baptist Church.

Great enthusiasm has been shown in the formation of a mass choir, with more than 1500 enrolled to sing. Another 700 men have rallied together to handle the task of ushering. Hundreds more, men, women, and young people, have attended Christian Witness training classes for effective participation in the outreach of the crusade.

The crusade choir will be directed by Team member Irv Chambers. Soloist will be Canadian tenor Homer James.

Ethel Water, will sing with the crusade choir

LEIGHTON FORD.

Sturgeon Calendar

SEPT. 13 - LEGAL - Parish Council Meeting, Legal.

SEPT. 14 - MORINVILLE - Annual Banquet and Dance, Sponsored by Landing Trail District Cub and Scout Association at the Recreation Centre, 7 p.m. For Tickets phone Nick Woytkiw at 256-3194. All interested adults welcome.

SEPT. 16 - NAMAO - Buttons and Bows Clothing Club meets at the home of Mrs. Barbara Horricks.

SEPT. 16 - Ballots for an Egg and Fowl Marketing Board must be returned to the marketing council by 4:30 p.m.

Vote on Hog Board assured

Alberta hog producers have been assured a vote on a proposed hog marketing board. Agriculture Minister H. A. Ruste announced that registrations received by the 4:30 September deadline greatly exceeded the minimum required to put the hog marketing issue to a vote.

A total of 9,316 farmers, representing marketings of 898,449 hogs during the May 1, 1967 to April 30, 1968 period, returned registration forms to the Agricultural Products Marketing Council by the deadline. That represents an average marketing of 96 hogs per farmer who registered. The minimum requirements were - 6,000 producers who had marketed a total 600,000 hogs during that period.

Lists of farmers who re-

gistered will be prepared for each census division and will be posted at district agriculturists offices. The list will also be sent to representatives of the various farm organizations who have been concerned with the hog marketing issue.

Checking of the lists, and objections will be considered by the Agricultural Products Marketing Council up to October 6. A copy of the plan, voting procedure and ballots will be mailed to registered hog producers on October 15. The ballots must be returned to the Agricultural Products Marketing Council by 4:30 November 18 and will be counted November 19. A simple majority of the registered voters is required to permit the formation of a hog marketing board.

M.D. Sturgeon Council Meeting

Continuation of Meeting of the M.D. Sturgeon Council on August 15th.

A.S.B. MATTERS

The agriculture fieldman was asked to arrange a date with the Lethbridge fieldman for this council to see a demonstration of their roadside mower attached to a caterpillar motor grader.

Mr. Flynn advised council that Mr. C. Woods had assured the board at their meeting that his company would change the present doors on the agriculture building for better quality overhead doors as soon as possible.

Mr. Flynn informed council that the board had received quotations for such building signs for the agriculture building and public works shop from Brehends Bronze Industries, Plastic Fabricators Ltd., and C. H. Woods Limited. Council authorized the fieldman to order building signs from C. H. Woods Ltd., for the price of \$67.50 per building.

Mr. Flynn, who had attended the joint meeting in St. Albert in relation to the new legislation on settling up larger health units, stated that he could not foresee any difficulties or disadvantages on the organization of a larger health unit for this area.

DRAINAGE PROBLEM

Mr. N. Ozipko attended the meeting in relation to the draining of a slough on his land, namely the SE 2-58-24-4, to a road allowance ditch by this municipality. This would involve the deepening of the existing road ditch to a depth of 3 1/2 feet in certain places. He requested council to have said work done on the road allowance but was not prepared to pay for same.

The secretary treasurer read to council photo copies of letters written to Mr. Ozepko by Mr. R. J. Bunnage, district agriculturist, Mr. Fernand de Champlain NW 35-57-25-4, Mr. Harry Dzeryk NE 35-57-25-4 and Omer Pelletier SE 2-58-25-4.

The Reeve informed Mr. Ozipko that it was not the responsibility of this municipality to provide drainage to sloughs on private properties. He stated that the said drainage project was his private business with his neighbors and he should make arrangements with them.

NUISANCE GROUND

Mr. Lesyk attended the meeting and requested permission to use the nuisance grounds south of Bon Accord for the disposal of his garbage collection from the Namao Airbase and Griesback Barracks. He was informed by council that the disposal area in question

was not large enough for the amount of garbage collected from said bases. He also wanted to know if council had any objection of him making use of a 10 to 15 acre parcel of land re SW 14-55-24-4 as a nuisance ground on private basis. The council informed Mr. Lesyk that they would not object to such a proposal provided that the area in question was kept in an orderly manner and garbage covered with fill dirt at regular intervals.

The council also agreed to allow Mr. Lesyk to use the south Bon Accord nuisance ground for a period of a month, that is until he can utilize his own on the SW 14-55-24-4. Permission was granted subject to the condition that he be held responsible for the maintenance and that all garbage be covered with fill dirt.

TAX DISCOUNT

Moved that council extend the discount periods on payment of taxes for the length of time of the postal strike.

TENDERS ON RENOVATIONS

The following construction firms submitted quotations on renovations to the municipal office: Cormode & Dickson Const.: \$10,727.; Ray Poissant Const. \$8,454.; Vetsch Bros. Ltd. \$8,700.; C. J. Woods Sales Ltd. \$10,540. Moved that the council accept the lowest tender of \$8,450, submitted by Ray Poissant Const. subject to the condition that it be approved by "K" division RCMP Edmonton and Ottawa Government Authorities. It was further moved that council approve and authorize the Reeve and Secretary Treasurer to sign the necessary contract with Ray Poissant Const. Ltd., and the Municipal District of Sturgeon No. 90 for the renovations of the office building pursuant to the architects drawings and specifications.

Letter of resignation from Mrs. J. Perras was received by the secretary treasurer on July 25, 1968 to be effective July 31, 1968 and was accepted.

TAX RECOVERY PROPERTY

A letter from Mr. Ed Horn re the municipal tax recovery property: Lot 6, Block 2, Plan 3114 MC Villeneuve, was read. He wished to either rent or purchase same. Council decided to advertise the sale of this property in the Gazette: highest of any tender not necessarily accepted.

Lots in Pittsburg subdivision - Blocks I, H, F, & D, plan 5010S in SE 26-55-25-4. Mr. James Mickelson attended the

meeting and offered council cash purchase on the following municipal tax recovery lots: Block I-\$1,100, Block H-\$1,100, Block F-\$800, and Block D-\$850. For a total of \$3,850. Council moved to accept Mr. J. Mickelson's offer for the four blocks described.

SERVICES

Mr. Glen Smith, engineer in the firm of S.L.N. Consultant Engineers, interviewed council in order to acquaint the members with his firm of consulting engineers and services available. He left with council a brochure on the activities of his company, Strong Lamb & Nelson Ltd.

P.F.R.A.

It was decided to submit applications through the Prairie Farm Assistance Act at Regina for an inspection of certain areas of this municipality of crops damaged by hail, frost or drought.

The secretary treasurer requested each councillor to conduct a survey form as supplied and submit same to him on August 30 1968.

Moved that the meeting adjourn at 5 p.m. and to reconvene at 9 a.m. Aug. 16, 1968.

RECREATION

The minutes of the Interim Recreation committee meeting held August 7, 1968, were read to council by the chairman, Mr. Van de Walle. Mr. A. Nobert was appointed secretary to the Interim Recreation Committee. Council authorized the payment of mileage and expenses to the members of the recreation committee for attendance to meetings or other committee's business - said mileage to be paid at the rate of .12¢ per mile.

SUPERINTENDENT OF PUBLIC WORKS REPORT

The secretary treasurer read Mr. Stack's eighth Public Works Progress report to council. A brief outline of the report is as follows:

From the 1968 public works budget of \$580 thousand, \$284,728.79 was spent on road construction: graveling and motor grader road maintenance. The municipality has gravelled 148 miles of road, at a cost of \$117,532.61. A total of 35,808 yards of crushed gravel was taken from the municipal gravel stock pile to date.

Council approve the proposed extension plans of the Bon Accord, Gibbons, R. E. A. Limited.

Plans of installation of automatic protection at C. N. crossing mile 10.57 Sanguo subdivision were also approved and the Reeve and

secretary authorized to sign them.

Mr. Edward J. Chatters of R.R. #2 St. Albert, owner of Lot 11, Block 2 Sturgeon Crest, requested permission to lease the park reserve (containing 12.16 acres) in the Sturgeon Crest. Council's decision was tabled until next meeting and Mr. Flynn was delegated to obtain more information from Mr. Chatters in relation to his proposal.

GRAVEL CONTRACTS

Council approved the following contracts:

a) Allan Demers and M. D. Sturgeon per D. Bevington from N.W. 24-56-23-4 going north 2 miles at \$2.90 per yd. on road, from S.W. 2-56-23-4 going east 1 mile at \$2.16 per yd. on road.

b) Martiniuk Brothers and M.D. OF Sturgeon per R. Stack from N.E. corner of Sec. 35-55-25-4 south 6 miles at .10¢ per yd. mile plus .05¢ per yd.

c) Allan Demers and M. D. Sturgeon per G. Wilson from N.E. 34-55-22-4 going south 2 miles at \$1.60 per yd. plus trucking at M.D. rates, from N.E. 33-55-22-

4 going south 1 1/2 miles at \$1.40 per yd. plus trucking at M.D. rates.

d) Apex Gravel and MD Sturgeon per D. Bevington from N.E. 10-56-23-4 going east 9 1/2 miles at \$3.00 per yd. on road.

e) Apex Gravel and MD Sturgeon per D. Bevington from N.E. 34-55-22-4 going north 6 miles at \$2.65 per yd. on road.

ROAD COMPLAINT

The secretary treasurer read to council a letter that had been signed by 16 ratepayers having property in the Harrold subdivision stating that the road conditions in said area have been unsatisfactory for the past three years due to lack of gravel and proper grading maintenance. They requested council to have said road adequately gravelled and maintained by means of regular, qualified grading operation.

The council agreed that the superintendent of public works be instructed to contact the motor grader operator of the area concerned and order said man to properly grade these roads at

regular intervals as they should be.

Mr. L. Kluthe was appointed Deputy Reeve until December 31, 1968.

Moved that council appoint Reeve Walker as this municipality's representative to the board of directors of the Edmonton Area Industrial Development Association and the Deputy Reeve will be the alternate director.

Superintendent of public works was instructed to remove the stop signs at the CNR crossing on 156 St. since at that location automatic protection lights have been installed and also he will remove the stop sign on the Sask. River Road, which sign was installed by railway people at time of railway construction and replace with a yield sign.

Council authorized the secretary treasurer to dispose of the municipal revolver handcuffs and holster at best price obtainable.

Council appointed a committee, consisting of Messrs S. Walker, W. Van de Walle, L. Rye, R. Enright and R. Stack, to arrange a meeting with the property owners involved for August 21 at 8 p.m., at Namao in order to negotiate for the purchase of land for road purposes. Furthermore said committee is to have authority to finalize land purchase agreements.

Boddez-Sheehan Wedding

The Roman Catholic Church of the Annunciation of Edmonton was the setting for a recent afternoon wedding when Miss Janet Sheehan became the bride of Marcel Boddez. Janet is the daughter of the late Dan Sheehan and the late Catherine Sheehan, formerly of Mearns, and has four sisters, Marcel is the son of Mrs. Bessie Boddez and the late Jerry Boddez, formerly of Riviere Qui Barre, and has five brothers and one sister.

Rev. Father Angus McRae, cousin of the bride and close friend of the Boddez family, performed the wedding ring ceremony. The beautiful bride given in marriage by her grandfather, Mr. Alex McGillis of Riviere Qui Barre, chose a floor length slim line sheath of french lace, short lily point sleeves and jewel neckline, topped by a bolero type Cathedral train, white gloves and shoes. Completing her ensemble with white stephontitis in her hair. Her only jewelry was a gold cross and chain, a heirloom passed down through four generations.

Bridal attendants were the bride's sisters Maureen and Judy. They chose identical floor length gowns of pink peau-de-creme, featuring empire waistlines, completing their ensemble with gladioli buds in their hair, white accessories, and bouquets of gladioli.

The groom's attendants were Rene Boddez, brother of the groom and Mike Slecza, brother-in-law to the bride. Marcel's brothers Donald and Adrian were ushers.

For her son's wedding Mrs. Boddez chose a pink linen sheath, topped by a mandarin collared coat of rayon and nylon lace, with scalloped edges, pink hat, white accessories, and cor-

sage of pink and white mums

Following the mass a supper, reception and dance was held for some three hundred, relatives and friends. Donald and Rene Boddez amused the crowd, when they were made to dance in a trough. (a custom when a younger brother marries first). During the supper Mr. Bud McGillis, uncle of the bride, proposed the toast to the bride, this was followed by a song and a few words (on behalf of the groom) by Mr. George Soetaret, uncle of the groom. Then the Boddez boys and Linda sang "Somewhere my love," joined later by the Sheehan girls in the song, "Our Best to You". Concluding the supper Father McRae spoke a few well chosen words to the happy couple.

After their honeymoon to California, and other points they went to live in Hinton, where Marcel is presently employed, as pay roll clerk for Pulp and Paper Mills, and Janet has accepted a position, as a radiological technician in the Hinton hospital.

Shower honours bride

Recently a shower in honor of Miss Janet Sheehan was held in Mearns, where some eighty ladies attended to enjoy an evening of games and visiting.

Seated at the head table were Janet, her sister Judy, their grandmother Mrs. Alex McGillis, and Mrs. Bessie Boddez, mother of the groom. The hall was nicely decorated for the occasion, and behind the head table on the wall was Janet's name, made from wild roses which made a very lovely background.

After the opening of the many beautiful gifts, a very

delicious lunch was served, for which Janet graciously thanked all the ladies present, and the hostesses, Mrs. Firmin Boddez, Mrs. Paul Clausen, Mrs. Marcel Pelletier, Miss Yvonne Pelletier and Mrs. Emile Ricard.

Janet also had a kitchen shower at Beaverlodge, and at Mrs. Rose Gordon's, receiving many more useful gifts. The staff from the Misericordia hospital surprised her with a shower, from which she received a nice cannister and bread box set. Janet became the bride of Marcel Boddez on July 5.

Vimy Column

Miss Rachelle Fagnan is presently hospitalized at the Royal Alexandra Hospital, Edmonton.

Sister Blanche Lepage has left the district to be in office at St. Joseph's Seminary in St. Albert.

Mr. and Mrs. Bob Burns were weekend visitors at the home of Mr. and Mrs. Jack Burns.

Marcel St. Arnaud, Leo Sequin and Robert Bilodeau attended the pre-camp Oil King Hockey School in Edmonton.

Recent visitors in the district included Mr. and Mrs. Alphonse Gagne, Mrs. Laura Fortier and son Robert, Mr. and Mrs. John Landry, Mr. and Mrs. Roger Gagne, Miss Gilberte Granger, Mr. and Mrs. Marcel Landry, Mr. and Mrs. Jean Louis Fleulle.

the Gazette Proper grain storage Open House

REFLECTS saves dollars

The issue of a hog marketing board has caused considerable controversy among farmers, some agreeing with the Western Hog Growers Association and some supporting the FUA proposals and many individual farmers with reservations about certain of the ideas of both those organizations.

The fact that farmers are individualistic and insist on doing their own thing may make life difficult for officials of the F.U.A. But in our view this independence scores marks for the farmer. The vast majority of union members in the big international unions never go near a meeting. Their leaders don't have too much trouble herding them around, so long as they keep screaming for more money. Great numbers of them can also be persuaded to vote for a given political party and support it with funds. Not so with the farmers, with whom anything that faintly resembles compulsion goes against the grain.

On the other hand it is difficult to see how farmers can gain control of their own fate in present times unless they have greatly increased influence over the marketing of their products.

Therefore it seems to us that they will have to act as a whole in the matter of establishing a Hog Marketing Board according to the expressed wishes of the majority. The same will be true of the proposed egg marketing plan. It is to be hoped the FUA will not take a gloating attitude, or attempt to use this victory as a method of trying to silence those farmers who disagree with them over other issues in the future. At the same time we hope those who agreed with the Western Hog Growers Association will be able to swallow their disappointment and bend their best efforts toward making the plan work and to improving it over the years.

MD council

CONTINUED FROM PAGE 1

the school board felt that the rental rates of .80¢ per square foot per year were somewhat expensive accommodations to the school board.

The council informed the school representative how they had arrived at the rental rate requested. Based on 6% interest on the capital expenditure of \$40,000.00, council felt that the municipality should at least realize the interest plus the insurance and utility costs. The school maintenance man will be occupying approximately 2,500 sq. ft. and the A.S.B. 1,500 sq. ft. and each councilor will pay monthly rental to the municipality at .80¢ per sq. ft. of the area occupied.

FIRE AGREEMENT

The secretary treasurer read to council an agreement that he had prepared between the Village of Gibbons and the Municipal District of Sturgeon granting permission to Gibbons to provide fire protection services to the Village of Bon Accord with the municipality's fire equipment provided that the Village of Gibbons pay this municipality the sum of \$250. per year for the use of the fire truck and equipment.

Council approved and authorized the Reeve and secretary treasurer to execute the agreement.

N.A.R. CROSSING

Letter from C. W. Rump secretary of Railway Transport Committee, was read to council stating that this municipality's application, dated February 20, 1968 requesting the N.A.R. cross-

ing at mile 1.8 Edmonton Subdivision be declared a public crossing, was referred by the commission. Time would be allowed for the use of said crossing until a new access is constructed for the area in question. Moved that council request the Canadian Transport Commission that the existing crossing remain open until July 1, 1969 in order that this municipality have time to acquire land and construct a new access from 137 Avenue north to the area in question.

INSURANCE

A letter from R. Harvey of Reed, Shaw and McNaught re subrogation rights on the office insurance, was read to council. It was moved to advise Mr. Harvey that the municipality do not wish to take subrogation rights against the authorities occupying municipal premises on rental agreements, such as the Sturgeon School Division #24, the Department of Agriculture, Detachment of the R.C.M.P. and Mr. B. Lavalley.

FLOOD PROJECT

Moved that council approve and authorize the Reeve and secretary treasurer to sign an agreement between the Minister of Agriculture and this municipality for the Toane Flood Control Project

Messrs. Sulbert and Herbert Caron of Morinville are mourning the loss of their brother, Mr. Pierre Caron of Edmonton who passed away September 2, at the age of 68. Funeral services were held September 4 at St. Jean the Baptist Church

Remember 1964 when rusty grain beetles took a savage toll of wheat stored in prairie elevators, granaries and every other nook and cranny that would hold a few bushels?

Proper precautions now can prevent a repeat performance.

L. B. Smith, a research scientist at the CDA Station at Lethbridge has been studying the rusty grain beetle for several years.

Gum trouble

Dr. J.M. Howell

Medical Officer of Health Sturgeon Health Unit

Do you have periodontal disease? Chances are that you do — at least in a mild form. According to the World Health Organization, periodontal disease is one of the world's most widespread diseases of mankind. In some areas, half the children and almost all the adults have periodontal disease. The teeth of most adults are lost not from decay, but from periodontal disease. In the United States for example, by age 45, one person in six has lost all of his teeth due to periodontal disease. By age 60, three persons out of six have lost their teeth due to periodontal disease. We now know that this appalling loss of teeth is not necessary. Most forms of periodontal disease are entirely preventable.

Periodontal disease begins early in life and progresses very slowly. It affects the bone and the gums surrounding the teeth. In severe cases the teeth become loose and ache. Infection in these cases affects the whole body.

Mild forms of periodontal disease are caused by the irritation of food and tartar around the neck of the tooth. They pack in between the tooth and the gum and cause a pocket. If this pocket is not cleaned out it becomes

Vimy Column

Mrs. Philip Fagan is presently visiting her sister Mrs. L. Ouellette in Reno, Nevada.

Mr. and Mrs. A. Regimbal recently spent a weekend at Moose Lake.

Corporal Ray Ringwette stationed at South Port, Manitoba, is on a month's leave before going on a two year assignment in Germany

Holidaying at the home of Mr. and Mrs. Roger Laplante is Sr. S. Champagne from Edmonton.

Miss Marie Blanchette has enrolled in a Dietary Technology course at NAIT

He makes these recommendations:

- * Check for and patch all leaks in granary walls and roofs.

- * Thoroughly clean the granary before storing this year's crop.

- * If insects were in the granary last winter, spray with malathion, methoxychlor or synergized pyrethrins as recommended on the label.

Failure to take these precautions could result in heavy losses during long-term storage, Dr. Smith warns.

Population explosions can occur when the temperature is over 80 degrees and the moisture level above 16 per cent. Grain harvested early in the season is more likely to be warm than grain harvested later because the field grain temperature is the same as air temperature. Damp grain stored at a temperature above 60 degrees can become moldy and start to heat, quickly raising the temperature above 80 degrees. Rusty

deeper and the gum and bone shrink away. The periodontal pocket is an ideal place for bacteria to grow undisturbed. Besides causing infection, they can also produce an odour, so periodontal disease is one of the reasons for bad breath.

Most forms of periodontal disease can be treated by your family dentist but he may refer you to a specialist called a periodontist. Once the condition is cured, further recurrence can be prevented by taking great care in cleaning the necks of the teeth, between the teeth, and by proper massage of the gums. Adequate toothbrushing for the pre-

An "open house" will be held in honour of Mr. and Mrs. John MacQuest of Gibbons on the occasion of their 50th Wedding Anniversary, on Sunday, September 22 at the Legion Hall in Gibbons. Friends are invited to call between the hours of two - five p.m.

The day of Jet-age ferry service has arrived in Europe. The 130-foot long, jet powered Hovercraft ferry will be able to whisk 256 passengers and 30 cars across the 25-mile stretch of open water of the English Channel in just about 35 minutes. The present steamer run takes 90 minutes.

Legal Locals

Sister Laura Rivard of Blue Quill School was a guest recently at the home of her brothers' Frank and Eddy.

Congratulations are extended to one of the Legal Gymkhana members who made the four major events for the Northern Alberta Champion for stakes and poles at R.C.A. in Edmonton recently.

Raymond Chauvet was feted at two farewell parties recently. Raymond is leaving for Europe where he will study for a year. He will join his brother Michel in France, who is taking his second term their, Raymond will be missed by the youth of the community.

Have you any extra vegetables? Remember that the Marian Centre relies on your generosity for their supply to give meals to the poor year round. So be generous and contribute those extra turnips, potatoes, carrots, or what have you to the Marian Centre.

Mrs. Terry Lequerrier operator of the Legal Corner Cafe, thanks everyone who responded so well to her two day Chop Suey meals recently. Due to popular demand, Mrs. Lequerrier will have the same Chop Suey Specials on September 21 - 22 from 12 noon to 11:30 p.m.

Meeting of the Recreation Board - September 11.

4-H awards Namao Club

NAMAO - The Namao 4-H Garden Club held their annual achievement day on 26 August. This is a day on which the 4-H'ers are asked to display some of their garden produce, their project books and their ability of arrangement. The event was held in the Namao Community Hall.

The actual judging took place in the afternoon while a program followed in the evening. This program consisted of two songs by 1st year member Debbie Yeshe, a song by 4th year member Terri Jeffery, a demonstration by Wanda Kolba and Nellie Kok. A report of the year's activities in the form of a skit, the playing of the club's radio tape (which was entered in CFWC Speak Out) and a report by Yvonne Kolba. The report was on her trip to Vermillion, which she won through her 4-H work.

After the program, the judges, Mr. Tom Knight and Mr. Harry Haney were asked to comment on the 4-H'ers

displays. The final event of the program was the presenting of the awards. The following is a list of the awards:

- 1) Best Garden won by Joyce Rigney, donated by Alberta Wheat Pool.
- 2) Best Shrub Plot won by Terri Jeffery donated by The Club.
- 3) Best Project Book won by Audrey Gibson, donated by Mrs. Alma Paul.
- 4) Best Display by Points Joyce Rigney, donated by Royal Bank of Canada.
- 5) Best Display by Theme Audrey Gibson, donated by The Club.
- 6) Best All Round Member, won by Dianna Kolba, donated by Mrs. Rita Crozier.
- 7) Public Speaking won by Audrey Gibson, donated by Haplette Club.

The club members also awarded their leaders, Mrs. Gladys Gibson and Mrs. Evelyn Griffiths with gifts. A lunch was served by the 4-H members after the program. Mrs. Teresa Clark won the cake raffle.

Fall lawn seeding Recommended

Using a lawn rake for covering seeds in a lawn sown in two directions.

by A. R. Buckley, Plant Research Institute.

Seeding of lawns from mid August to early September has so many advantages that

it seems folly to wait until spring.

Warm soil temperatures will bring quick germination and soils are dry enough for cultivating and handling.

Weeds are on the decline at this time of year and the shortening days with crisp, cool nights provide ideal conditions for the growth of grass. In fact experiments carried out at the Plant Research Institute at Ottawa have shown clearly that turfgrasses establish most satisfactorily if sown between August 24 and September 15.

Before you are ready to sow the grass seed the area must be properly prepared. As you would not attempt to build a fine house on a weak foundation do not attempt to build a fine lawn on a poorly prepared seed bed. Remove all of the stones and debris including those large pieces of concrete that are often buried below the soil surface. If there is any top soil left, move it to one side. Then grade the land making sure that it slopes slightly away from the house. Avoid terraces, if possible, and fill in depressions or pockets.

Next dig or rototill the subsoil to a depth of five or six inches. Level the area off and add at least four inches of good top soil.

As the soil is being worked mix in a complete fertilizer such as 10-6-4 or 6-6-6 at the rate of two pounds of nitrogen to 1,000 square feet of lawn surface. This would be 20 pounds of 10-6-4 and 34 pounds of 6-6-6. Select a fertilizer which has at least half the nitrogen in an organic or slow release form. If your soil appears to lack humus, work in organic materials such as good compost, peat moss or leaf mold at the same time that you add the fertilizer.

Rake or grade a new seed bed after rototilling so that no hollows, mounds or depressions exist. There is no need to rake and rake to get a dusty, pulverized surface. A 'pebbled' type surface helps to prevent washing of the seeds during heavy rains and will not cake on drying.

The finished lawn will not be any better than the grasses planted therein. Select a good mixture of turfgrass seed for your lawn.

For prairie conditions where irrigation is not possible a mixture containing 20% Kentucky bluegrass, 20% creeping red fescue and 60% Russian wild ryegrass should be used.

Seeding can best be done with a mechanical seeder which one can often rent from a local garden centre or borrow from a neighbour. Sow half the seed in one direction and the other half in the opposite direction. The area should then be raked lightly with a leaf rake to incorporate the seeds and rolled lightly.

Keep the seed bed moist, but not heavily saturated after seeding, until the grass becomes well established. Sprinkle lightly and often rather than applying the occasional heavy spray.

On steep slopes or terraces use a much of chopped straw 1 or 2 straws thick to prevent erosion of soil and seeds. Alternatively, terraces may best be sodded. Any covering that is loose enough to admit rain and some sunlight and yet prevent the drying out or washing out of the seed may be used. Germination of the seeds should take place in two weeks.

Scholarships

OTTAWA - Forty-nine scholarships have been awarded by the Department of Indian Affairs to outstanding Indian Students across Canada to help them continue their education. "The scholarships were awarded on the basis of the student's past achievements and his desire and ability to continue in his chosen field". They ranged from \$100 to \$300.

A baseball manager who had an ulcer was in his physician's office for a checkup.

"Remember," the doctor said, "don't get excited, don't get mad, and forget about baseball when you're off the field." Then he added, "by the way, how come you let the pitcher bat yesterday with the tying run on second and two out in the ninth?"

ANOTHER MATA HARI?

Looking every bit as tempting as the famous female spy-vamp, Mata Hari, whose power over men led them to make many a slip of the lip, is Agent 99 (Barbara Feldon) of CBC-TV's Get Smart spy spoof series, seen each Friday on CBC television. The cat is just a close friend.

SEE THAT YOUR COMMAND IS CARRIED OUT

Once you have given a command to a child, follow it up to see that it is obeyed, advises the Council on Family Health in Canada. If you don't enforce your commands, your child may decide you don't really mean what you say. Periodically help a child carry out a command, such as wiping up a spill on the kitchen floor, so she learns to do it properly.

Advice on buying dish washers

by Consumers' Association of Canada

Each year, the average homemaker washes and dries 46,000 dishes, cutlery, glasses, pots and pans spending 225 hours at the sink to do it!

Is it any wonder that sales of automatic dishwashers are rising rapidly?

The automatic dishwasher has been developed to a highly reliable appliance and becomes a piece of equipment that represents many hours of extra time for more efficient activity.

There are two basic advantages of having an automatic dishwasher. First, you will save yourself some time. Second, you will have a healthier situation in your home. The first is obvious - it is simply a matter of a machine taking over a chore. The second is not so obvious - but the facts are, that dishwashers use water at a far higher temperature than hand-washing can bear, and use detergents with a higher cleansing power than is possible in hand dishwashing. The result is cleaner dishes from the bacteria point of view.

It is important to realize there are some prerequisites for automatic dishwashers. These are:

- * An adequate hot water supply of at least 150 degrees Fahrenheit on arrival at the machine.
- * Delivery of from 1.7 gallons to 2 gallons of water per each wash cycle and each rinse cycle.
- * A water pressure of between 16 and 125 pounds per square inch depending upon the particular machine to be purchased.

Once you have decided you want an automatic dishwasher, there is an initial choice to be made even before

you begin to shop around. There are three kinds available

- * The built-in type: designed for permanent installation and usually built right into the kitchen counter. You may have to have some carpenter work done to fit it into an assigned space and there will be some installation charges. It saves space. You don't have to plug in connections (water and power) each time you use it but it is usually considered a fixture and part of the house, so if you move - it doesn't move with you.

- * The portable type: can be moved around at will and you don't have to remodel the kitchen when you buy it. It is attached by a dual hose to the kitchen faucet and drains into the sink. There is no installation expense and you can take it with you when you move.

- * The convertible type: this can be moved about just as a portable but can be installed as an under-counter, permanent type, when you wish. The big advantage of this type is that you can buy now and install later if you have another house in your future.

Dishwashers are either top-loading or front-loading. Both types are convenient. Which to buy comes down to personal preference with the exception of the under-counter type which must be a front-loader. To avoid the possibility of excessive filling with water and subsequent flooding in the event the timer fails to advance at the appropriate time following filling, or if the drain pump fails to function, the dishwasher should be equipped with a water-level control. It is especially important to have this device on a front-loading dishwasher because of the relatively low opening through which overflow can occur.

Dishwashers come from the very basic style to the very fancy types. The more special features you want, the higher the price will be. Exotic decorator colors are available from all manufacturers. Wooden cutting boards are on the lids of some models and are very convenient. A useful feature is a by-pass on the faucet which allows you to draw water from the tap even though the dishwasher hose is connected.

Some models finish the cycles with the lid open, thus allowing excessive moisture to escape and dishes to dry. This could be a desirable feature. Still others come equipped with a heating device to heat the water if it is not hot enough coming from the tap. Constant use of this item is most uneconomical, powerwise, which reinforces the statement made earlier that a

New fashions for school

IT'S EASY TO TELL THE GIRLS FROM THE BOYS BY THE WAY THEY ARE DRESSING FOR FALL IN REFRESHING NEW FASHIONS!

A back-to-school favorite is the dirndl-skirted dress, seen here in a rich cotton print with lace-trimmed and embroidered bib. The long sleeves and wide belt add stylish detailing to this design by Darling Debs of California.

Teen-age girls go back to school in fashions that are decidedly feminine for a change. Dirndl skirts, full sleeves, defined waistslines, ruffles and embroideries are major subjects of dress. For electives, there's a hint of the menswear influence in vests, jumpers, and blazers...but even the tailored looks have feminine over-tones.

Stylings are young and imaginative for the most part, reports the Canadian Cotton Council. Fit is shaped in at the waist for an old-fashioned look that's delineated by a sash or drawstring belt...or drops below the waist in a low flounce or a flash of pleats.

Designers interpret the feminine trend of schoolwear in soft cottons that drape to fit this new look. Tiny all-over florals, neat pin-dots, and provincial prints flourishing with hearts, flowers, and birds are favoured cottons. Many boast durable press finishes for day-long freshness and easy care.

Household and fashion bits

DRYING T-SHIRTS: Cotton T-shirts and knit underwear can be machine dried in the same load with bath towels or sheets. Remove before completely dry, block to original size, and finish drying on top of dryer.

COTTON & HEALTH: Wearing cotton may be one way to keep well! Medical researchers have discovered that viruses do not live as long on cotton as they do on other fabrics. While a virus may live for three months on some fabrics, it will only last about three days on

cotton. If the cotton is treated with a wash and wear chemical, the virus only lives one day.

JUNIOR ARTIST: If you have a young finger-paint artist in the family, keep his clothes free of the paint with a pint-size artist's smock. Ideal for this is a man's old cotton shirt. Cut the collar and sleeves off and finish with a machine stitch. Shorten the hem. The finished "smock" is worn backward. Pop in the washing machine with coloured cottons.

good supply of hot water is essential.

Some trial and error experimentation will be necessary to find the right detergent for the particular water you use. Dishwashers perform better with soft water, but some dishwashing compounds are made to handle hard water. A new machine will usually have sample compounds with it. Under NO circumstances should ordinary laundry or hand-dish-washing detergents be used in automatic dishwashers.

All the major appliance manufacturers today are producing good, useful automatic dishwashers with a wide price range. The standard models perform effectively and are the most economical to buy. From the basic models upward, the added features invariably mean higher cost but do not necessarily give you cleaner dishes.

A free buying guide to automatic dishwashers is available by writing: Consumers' Association of Canada National Office, 100 Gloucester St., Ottawa 4.

BIG MAN, LITTLE CAR -- It's John "Duke" Wayne who tries out new style construction buggy, designed for rough terrain, while on location in Casper, Wyoming, to film Universal's "The Hellfighters". Co-starring with Wayne in the adventure thriller are Katherine Ross, Jim Hutton and Vera Miles.

Note to pretty Girls

The Edmonton Jaycees are pleased to announce that they will conduct this year's Miss Edmonton Pageant.

The Pageant is open to any young women in Alberta who resides north of Red Deer, and who meets the following qualifications:

- 1) Must be a Canadian citizen.
- 2) Age as of Nov. 1st must not be less than 18 years nor more than 25 years.
- 3) Must be single, i.e., never having been married nor had a marriage annulled.
- 4) Must have completed two years of high school or equivalent.
- 5) Must never have been a contestant in the Miss Canada Pageant National Finals.

The lucky finalist will represent Edmonton at the National Final of the Miss Canada Pageant in Toronto, Ontario in mid November, 1968.

Official entry forms are being handled by Vogue Models Ltd., 10032 - 105 Street Edmonton - phone 424-9224. The local model agency will assist the Jaycees in their search for Miss Edmonton. They will also assist the

winner in the National competition. Closing date for entrants is midnight of September 15, 1968. The final selection of Edmonton's most beautiful young lady will be made at a gala social night to be held at the popular Macdonald Hotel on September 27, 1968.

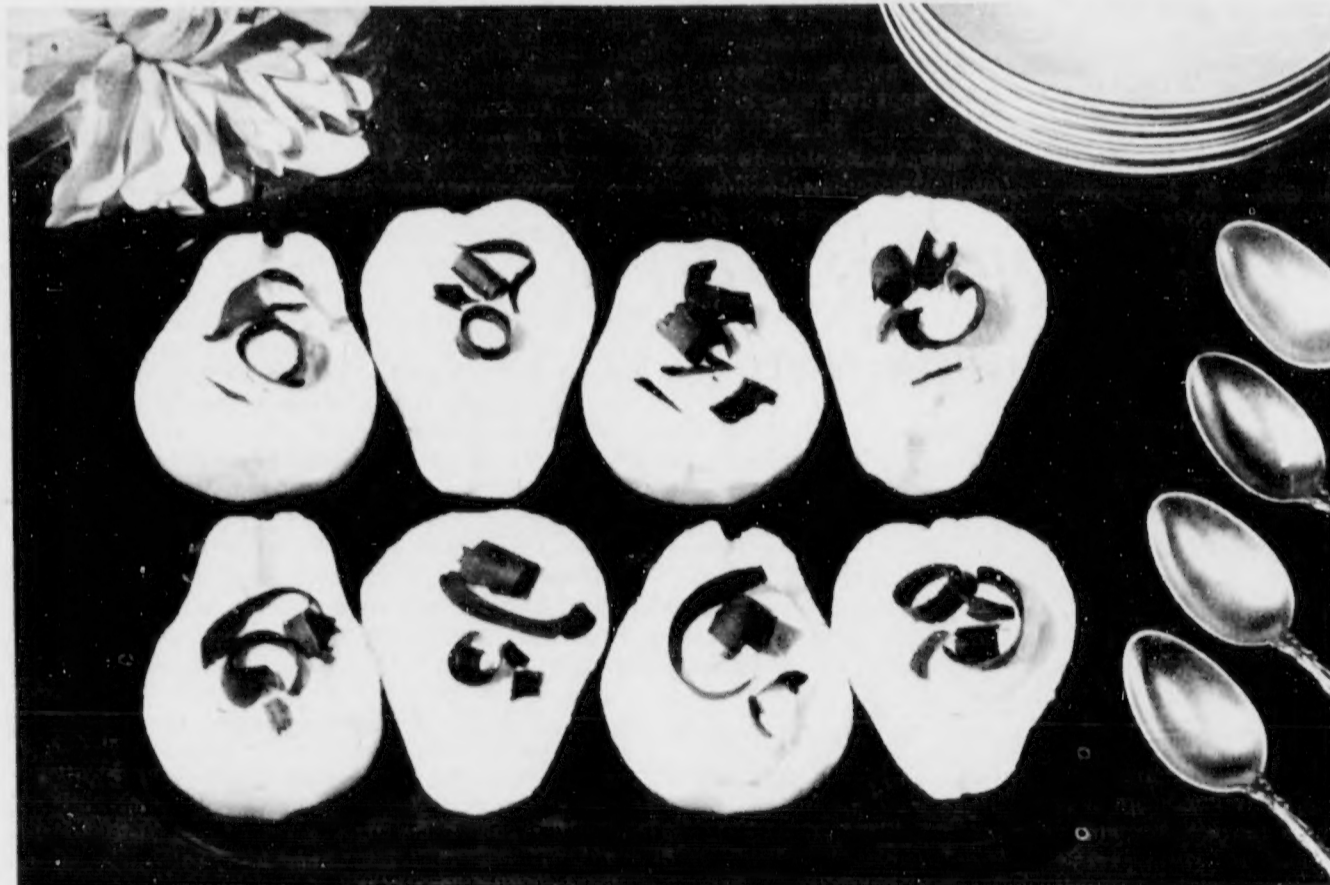

Participation in the Edmonton Pageant enables the young ladies of our city and area to increase their self confidence and develop their talent. The contest will expose them to numerous new people and new experiences.

Some people pursue happiness; others create it.

A midsummer treat with pears

1 small chocolate bar or semi-sweet square, shaved

Leave pears raw or stew, according to preference. Halve them and if you leave them raw, sprinkle with lemon juice. Remove core, top each half with a spoonful of sour cream and top with shavings of chocolate. NOTE: To shave chocolate, use a swivel knife potato peeler and see that the chocolate bar is warm but not melting.

ALTERNATE GARNISH:

Instead of chocolate shavings, use chopped nuts or slivered almonds, or toasted coconut.

acres, 535 cultivated. 7-
room house, power and
water. 8 miles to town.
Priced to sell.

RANCH - 503 acres, 160
cultivated. Power, running
water, corrals 2 barns.
F.P. \$33,950.00.

FORESTBURG AREA 1/2
section, 265 cultivated.
Good buildings, power and
water. 2 miles to town.
HIESLER AREA, 500 acres
265 cultivated, balance
good pasture, 4 granaries,
power, all for \$33,500.00.

STROME AREA 797 acres
400 cultivated. Bungalow,
sewer and water, 34 x 60
barn, hog runs, granaries,
power, propane heating,
owner will take house on
trade (Camrose or Edmon-
ton) F.P. \$54,000.00.

EDMONTON AREA - 960
acre ranch, 240 cultivated,
500 acres cleared, 480
acres lease land, power,
4-room bungalow. Owner
may take trade of property
or mortgages.
F.P. \$40,000.00.

1280 ACRES TO SETTLE
AN ESTATE: Power, good
farm buildings, one section
of virgin pasture, balance
farm land. Close to black
top highway, all for
\$48,000.00 - Terms to
approved purchaser.

Moving costs money choose wisely

by Consumers' Association of Canada.

Modern civilization is becoming more mobile, and moving is a big expenditure that needs close scrutiny. Timing your move is an important factor -- 70 per cent of all household moves take place between June 15 and September 15 with peak periods the first and last days of the month. So try to plan well ahead and make your arrangements as soon as possible.

There are several different s of moving. First, there's the inexpensive do-it-yourself type for moving household goods locally (or even for longer distances) by rented truck. You provide drivers and helpers and do your own packing. This type of moving will be cheaper but you stand a good chance of damaging your possessions.

Moving by rail can also be less expensive than by a moving company, but becomes a bit complicated as you must crate and pack everything to railroad specifications. A shipment by rail can take over twice as long as by truck. Goods may be handled as much as three times, which can result in damage to the goods being moved.

Moving van firms may be large or small, independent or affiliated with, or fanchised by, large van-line organizations. Moves are classified in two ways -- "local" -- where rates are charged by the hour, depending on size of van and the number of men hired. For "long-distance" rates, rates are charged on 100 lbs. weight per distance traveled.

If the move is a long-distance one, investigate the destination agent as well as the firm you consider for your move, because it may be an entirely different company. Also be sure to get the complete name, address and telephone number of both the carrier and destination agent. Be sure the carrier knows how and where you can be reached at all times until the shipment is delivered.

Ensure banking arrangements are such that you can have a certified cheque, money order or travellers cheque at your destination to pay the carrier.

Be on hand the day of the move, to supervise the moving closely. On delivery day you or your authorized agent must be on hand with the house key when the movers arrive. Supervise the unloading and indicate where articles and containers are to be placed. The carrier is only required to do this once. If there is more than one storey, the right decision can save back-wrenching work later. Packing materials must be removed by the carrier.

As an industry, the moving people in Canada seem to honestly try to do a professional job. If there is one guiding rule to cover all aspects of moving from your point of view, it is to be aggressive and read the fine print.

Months of investigation, interviews and reporting went into a survey on household moving by members of the Consumers' Association of Canada. The foregoing is just a small part of an extensive study which we believe will help consumers who have to make a move. If you are interested in receiving a copy of "Don't make a move!", drop a note to the national office of the Consumers' Association of Canada, 100 Gloucester Street, Ottawa 4 and one will be mailed to you without charge.

Phosphorus needed for flax

A low level of available phosphorus in the soil may be the reason for a flax crop failing to measure up to expectations.

If a soil test shows the level to be low, the problem can be remedied by adding phosphorus fertilizer. Studies at the CDA's Research Station at Brandon, have pinpointed the methods of fertilizer application that will produce the biggest response by flax, reports L.D. Bailey, soils specialist at the station.

Four methods were used to apply various rates of phosphorus (11-48-0 and 11-55-0) in the studies:

- * Placing the phosphorus with the seed (up to 20 lbs. of P205 per acre);

- * Side-banking the phosphorus with the seed;

- * Broadcasting phosphorus and working it into the soil prior to seeding;

- * Placing the phosphorus below the seed.

On non-calcareous soils, good yield response was obtained when phosphorus was applied by side-banking, broadcasting or placing it below the seed. The last produced the best results even when the fertilizer was applied in this manner at a rate of 60 pounds of P205 per acre the yield amounted to 500 pounds more per acre than that from the untreated control plots.

Response to phosphorus was not as good on calcareous soils regardless of the method of application used. But here again, results were best when the phosphorus was applied below the seed. This method and an application rate of 60 pounds of P205 per acre produced yields that topped those from the control plots by about 190 pounds per acre. Side banking or placing the phosphorus with the seed had no effect on yields on these soils.
